Key Programme Statistics

8,807

Housing units completed

47

Counties with active projects

Q: What is the Affordable Housing Programme (AHP)?

A: The Affordable Housing Programme is a **Government of Kenya** initiative under the **Bottom-Up Economic Transformation Agenda (BETA)** to deliver decent, affordable homes nationwide. The programme aims to deliver at least **200,000 housing units annually**, with over **273,000 units** currently under construction across all **47 counties**.

Q: What is Boma Yangu?

A: Boma Yangu is a **digital marketplace** managed by the Affordable Housing Board where citizens can save, select, and book affordable housing units. It serves as the gateway to the Affordable Housing Programme. You can access it via **www.bomayangu.go.ke** or by dialing ***832#**.

Q: Why is the government focusing on affordable housing?

A: Affordable housing is one of the pillars under the **Bottom-Up Economic Transformation Agenda (BETA)**. The government aims to provide for the growing demand of **200,000 housing units per year** tied to the increase in population. The programme has a goal of adding an additional **500,000 homes** over a five-year period.

Q: What is the housing deficit in Kenya?

A: Kenya requires approximately **200,000 new housing units annually** to meet demand, yet only **50,000 homes** are built, leaving a deficit growing by **150,000 units per year**. The total housing deficit is estimated at **1.9 million units**, with a qualitative deficit of **1.8 million units**. Only **2%** of formally constructed houses target lower-income segments.

Q: What are the categories of affordable housing?

A: The Affordable Housing Programme targets three main income groups:

Category	Monthly Income
Social Housing	Up to KES 19,999
Affordable Housing	KES 20,000 – 149,999
Affordable Market Housing	KES 150,000 and above

Q: How many housing units have been completed?

A: As of March 2026, **8,807 housing units** have been completed since September 2022. Additionally, **273,067 units** are currently under construction across the country, with **129,113 student beds** under development.

Q: How many Kenyans are registered on Boma Yangu?

A: As of March 2026, **1,162,554 Kenyans** are registered on the Boma Yangu platform. Of these, **34,381** have saved over **KES 1.839 billion** towards owning a home.

Q: How many jobs has the programme created?

A: The programme has created **640,442 jobs** since 2022, with over **1 million jobs** projected across the programme lifecycle. It is one of the country's largest employment generators in the construction sector.

Q: Is the Affordable Housing Programme available in all counties?

A: Yes. AHP projects are active across **all 47 counties** in Kenya, including rural and urban areas.

Q: What is the Housing Fund?

A: The Housing Fund is a public funding scheme established under the **Housing Act (Cap. 117)** that facilitates provision of funds for the design, development, and maintenance of affordable housing, institutional housing, and associated social and physical infrastructure. It is administered by the **National Housing Corporation (NHC)**.

Q: What is the difference between the Housing Levy and voluntary savings?

A: The Housing Levy is a **mandatory statutory contribution** (3% employer, 3% employee) that funds national housing infrastructure. It is **not refundable**. Voluntary savings are personal contributions made through Boma Yangu that go toward your deposit and are **refundable**.

Feature	Housing Levy	Voluntary Savings
Type	Mandatory	Optional
Refundable	No	Yes
Shows in Boma Yangu?	No	Yes
Purpose	National infrastructure	Personal deposit

 Quick Summary
